

Research on Asian Psychotropic Prescription Pattern (REAP) on Schizophrenic inpatients in 2016 (REAP-AP-4)

Participating Countries, Institutions and Members of REAP (2016 REAP-AP4 Survey)

Duty of each participating Country / Region / Center

1. Each country and area will decide the centers (Research institutes and hospitals) to participate in the survey.
2. From each country and area, the number of participating centers will be decided and reported to the organizer.
3. From each country and area, the minimum number of cases to be collected will be 100 and the maximum 500.
4. From each center, the minimum of 30 cases and the maximum 100 cases could be collected. Big countries may wish to involve several centers.
5. Data should be submitted from each center to the organizer using the web-based questionnaire.

2-5: Target dates of the REAP AP 4 Survey

Survey date: 1st March to 31st May 2016.

2-6: Samples and data inputs

Schizophrenic patients (inpatients and outpatients) will be recruited for the survey.

The details of the research are described in the Research protocol.

Country/Region & Institutions	Coordinator	Email
1. China (Short)
